SCOPE OF SERVICES

The procedures that we will perform are as follows:

- Assist in calculation of the bond yield, unless previously computed and provided to us.
- Assist in determination of the amount, if any, of required rebate to the federal government.
- Issuance of a report presenting the cumulative results since the issue date of the issue of bonds.
- Preparation of necessary reports and Internal Revenue Service ("IRS") forms to accompany any required payment to the federal government.

As a part of our engagement, we will read certain documents associated with each issue of bonds for which services are being rendered. We will determine gross proceeds of each issue of bonds based on the information provided in such bond documents. You will have sole responsibility for determining any other amounts not discussed in those documents that may constitute gross proceeds of each series of bonds for the purposes of the arbitrage requirements.

TAX POSITIONS AND REPORTABLE TRANSACTIONS

Because the tax law is not always clear, we will use our professional judgment in resolving questions affecting the arbitrage calculations. Unless you instruct us otherwise, we will take the reporting position most favorable to you whenever reasonable. Any of your bond issues may be selected for review by the IRS, which may not agree with our positions. Any proposed adjustments are subject to certain rights of appeal. Because of the lack of clarity in the law, we cannot provide assurances that

the positions asserted by the IRS may not ultimately be sustained, which could result in the assessment of potential penalties. You have the ultimate responsibility for your compliance with the arbitrage laws; therefore, you should review the calculations carefully.

The IRS and some states have promulgated "tax shelter" rules that require taxpayers to disclose their participation in "reportable transactions" by attaching a disclosure form to their federal and/or state income tax returns and, when necessary, by filing a copy with the Internal Revenue Service and/or the applicable state agency. These rules impose significant requirements to disclose transactions and such disclosures may encompass many transactions entered into in the normal course of business. Failure to make such disclosures will result in substantial penalties. In addition, an excise tax is imposed on exempt organizations (including state and local governments) that are a party to prohibited tax shelter transactions (which are defined using the reportable transaction rules). Client is responsible for ensuring that it has properly disclosed all "reportable transactions" and, where applicable, complied with the excise tax provision. The LLS Tax services that are the subject of this Engagement Letter do not include any undertaking by LLS Tax to identify any reportable transactions that have not been the subject of a prior consultation between LLS Tax and Client. Such services, if desired by Client, will be the subject of a separate engagement letter. LLS Tax may also be required to report to the IRS or certain state tax authorities certain tax services or transactions as well as Client's participation therein. The determination of whether, when and to what extent LLS Tax complies with its federal or state "tax shelter" reporting requirements will be made exclusively by LLS Tax. LLS Tax will not be liable for any penalties resulting from Client's failure to accurately and timely file any required disclosure or pay any related excise tax nor will LLS Tax be held responsible for any consequences of its own compliance with its reporting obligations. Please note that any disclosure required by or made pursuant to the tax shelter rules is separate and distinct from any other disclosure that Client might be required to or choose to make with its tax returns (e.g., disclosure on federal Form 8275 or similar state disclosure).

PROFESSIONAL FEES AND EXPENSES

Our professional fees for services listed above for the three annual bond years ended June 30, 2017, June 30, 2018, and June 30, 2019 is \$1,500, which is \$500 each year. We will bill you upon completion of our services or on a monthly basis. Our invoices are payable upon receipt. Additionally, you may request additional consulting services from us upon occasion; we will bill you for these consulting services at a beforehand agreed upon rate.

Unanticipated factors that could increase our fees beyond the estimate given above include the following (without limitation). Should any of these factors arise we will alert you before additional fees are incurred.

- Investment data provided by you is not in good order or is unusually voluminous.
- Proceeds of bonds have been commingled with amounts not considered gross proceeds of the bonds (if that circumstance has not previously been communicated to us).
- A review or other inquiry by the IRS with respect to an issue of bonds.

The Client (District) has the option to terminate this Agreement within ninety days of providing notice to LLS Tax Solutions Inc. of its intent.

ACCEPTANCE

You understand that the arbitrage services, report and IRS forms described above are solely to assist you in meeting your requirements for federal income tax compliance purposes. This Engagement Letter constitutes the entire agreement between Client and LLS Tax with respect to this engagement, supersedes all other oral and written representations, understandings or agreements relating to this engagement, and may not be amended except by the mutual written agreement of the Client and LLS Tax.

Please indicate your acceptance of this agreement by signing in the space provided below and returning a copy of this Engagement Letter to us. Thank you again for this opportunity to work with you.

The following report is for April to illustrate what has changed from March and what to expect through April and the coming months. The photos this month were taken on Tuesday, April 11, 2017.

The ponds were treated on Tuesday April 4th this month. Water levels are down as far as they have ever been. We still have not had any rain to speak of. Overall, the ponds are still in good shape. There was a little Algae and some submersed that was showing with the really low water levels.

The water levels are as low as I have ever seen them and not much rain forecast for the next month.

We did provide a quote to plant the Littoral Shelves a couple weeks ago and hope that it will be approved In the coming months. Please keep an eye on the pond 100 fountain because of the low water levels. I Checked the timers and lights and all appeared to be working and the timers were keeping proper time.

Thank you for your business! Sincerely,

Scott Croft
